

# WORLD POOL ASSOCIATION 10-BALL RULES

Ten ball is a call shot game played with ten object balls numbered one through ten and the cue ball. The balls are played in ascending numerical order and the lowest numbered ball must be contacted by the cue ball in order to establish a legal hit. If the ten ball is pocketed on a legal break shot, it will be re-spotted and the player continues with his inning. Only one ball may be called on each shot, except on the break shot where no ball may be called.

## **Determining the Break**

The player who wins the lag chooses who will break the first rack. The standard format is to alternate the break, but see

## **Ten Ball Rack**

The object balls are racked as tightly as possible in a triangular shape, with the one ball at the apex of the triangle and on the foot spot and the ten ball in the middle of the triangle. The other balls will be placed in the triangle without purposeful or intentional pattern

## **Legal Break Shot**

The following rules apply to the break shot:

- (a) the cue ball begins in hand behind the head string; and
- (b) if no ball is pocketed, at least four object balls must be driven to one or more rails, or the shot is a foul.

## **Second Shot of the Rack – Push Out**

If no foul is committed on the break shot, the shooter may choose to play a “push out” as his shot. He must make his intention known to the referee, and then rules are suspended for the shot. If no foul is committed on a push out, the other player chooses who will shoot next. The ten-ball pocketed during a Push Out is re-spotted, without penalty.

## **Call Shots & Pocketing Balls**

Whenever the shooter is attempting to pocket a ball (except the break) he is required to call shots, the intended ball and pocket must be indicated for each shot if they are not obvious. Details of the shot, such as cushions struck or other balls contacted or pocketed are irrelevant.

For a called shot to count, the referee must be satisfied that the intended shot was made, so if there is any chance of confusion, e.g. with bank, combination and similar shots, the shooter should indicate the ball and pocket. If the referee or opponent is unsure of the shot to be played, he may ask for a call.

### **Safety**

The shooter, after the break at any time may call "safety" which permits him to make contact with the legal object ball without pocketing a ball and end his inning. However, if the shooter pockets the legal object ball the incoming player has the option to play the shot as left, or hand it back to his opponent.

### **Wrongfully Pocketed Balls**

If a player misses his intended ball and pocket, and either makes the nominated ball in the wrong pocket or pockets another ball, his inning has finished and the incoming player has the option to take the shot as is, or hand it back to his opponent.

### **Continuing Play**

If the shooter legally pockets a called/nominated ball on a shot (except a push out, see any additional balls pocketed remain pocketed (except the ten ball; see and he continues at the table for the next shot. If a player nominates and legally pockets the ten ball prior to the ten ball being the last remaining ball, the ten ball is re-spotted and the shooter continues. If the shooter fails to pocket the called ball or fouls, play passes to the other player, and if no foul was committed, the incoming player must play the cue ball from the position left by the other player.

### **Spotting Balls**

If the ten ball is pocketed on a foul or push out, or accidentally in the wrong pocket, or driven off the table, it is re-spotted. No other object ball is ever spotted.

### **Standard Fouls**

If the shooter commits a standard foul, play passes to his opponent. The cue ball is in hand, and the incoming player may place it anywhere on the playing surface.

The following are standard fouls at ten ball:

- Cue ball scratch or off the table
- Wrong ball first the first object ball contacted by the cue ball on each shot must be the lowest-numbered ball remaining on the table.
- No rail after contact
- No foot on floor
- Ball driven off the table the only jumped object ball that is spotted is the ten.
- Touched ball
- Double hit / frozen balls

- Push shot
- Balls still moving
- Bad cue ball placement
- Cue stick on the table
- Playing out of turn
- Slow play
- Ball rack template foul

### **Serious Fouls**

For three consecutive fouls the penalty is loss of the current rack. For un-sportsmanlike conduct, the referee will choose a penalty appropriate given the nature of the offense.

### **Stalemate**

If a stalemate occurs the original breaker of the rack will break again.
